

MI2 TD Trade Point – Triple 13s and the Setup Bears Have Been Begging For

16th July

The market just dropped a trifecta of DeMark Combo 13 and Sequential 13 sell signals across **SPX**, **CCMP**, and **INDU** — and this time, it's not just noise. We've got confirmed **bearish price flips**, **TD Ref Close breaks**, and downside levels that are finally in play. The signals are no longer theoretical — price is starting to cooperate. If you've been fading every sell signal this year, this one deserves respect. Summer chop may be over — the tape wants direction.
